To,  
M/s. Perfect International (FZC)

**Fahud area Gas-Early Production System pipeline Project Contract No: C311000**

This is to certify that M/s. Perfect International (FZC) has vigilantly worked out and well understood the stringent requirements and specifications provided by the end user and have subsequently corrected the vessel datasheet of the subject order by carrying out the detailed process design calculations at the RFQ stage itself.

Process nozzle (N2) size was changed from DN 250 as per the datasheet to DN 450 as per the inputs forwarded by M/s. Perfect International (FZC).

We are very satisfied with this performance initiated by M/s. Perfect International (FZC), otherwise this could have turned to enormous rework at the final stage.

This was an excellent demonstration of engineering capabilities of Perfect International (FZC).

For Petroleum Development Oman LLC

Ahmed Al-Saadi  
Head Pipeline Project
